

Cartier Equine Learning Center

Where horses do the teaching...

Start a Career as an Equine-Assisted Learning Facilitator

Equine-Assisted Learning Centre teaches you how to customize learning experiences that focus on enhancing skills to help groups, teams, and individuals develop: relationships; responsibility and accountability; overcoming limits to growth & barriers to change; creativity and innovation; non-negotiables & freedom; collaboration & effective communication; trust, respect and integrity.

Equine-Assisted Learning Centre's team of experts teach you how to facilitate equine-assisted learning programs that target personal growth and professional development through a series of specially designed interactive exercises.

Equine-Assisted Learning Centre's four-legged facilitators will teach you how to, invite participants of your own to join the herd, mirror their choices and provide them with an opportunity to make internal change in order to find success when working through an exercise.

Proven to be effective, powerful, interesting, exciting, positive, educational and creative!
